

Kerry Morris

RUNNING FOR: **MAYOR**
IN THE MUNICIPALITY OF: **CITY OF NORTH VANCOUVER**

*Elect
Kerry*

Facts about me

This is my first time running. I have lived in the city of North Vancouver for 56 years.

I have been married for 25 years and have two children.

I bring a business skill not present in current or past councils. Knowledge of both what needs to be done and how to make that happen in a cost effective way.

AUTHORIZED AND APPROVED BY THE CANDIDATE
KERRY MORRIS AS FINANCIAL AGENT FOR THE CAMPAIGN

Q *What made you decide to stand in this election?*

A I am unhappy about the pace and scale of development; ‘...we have been growing the City for the benefit of those who don’t live here, at damaging expense to the quality of life for those who do...’.

Q *What major issues do you think have to be addressed in the next three years?*

- A**
1. Slow the pace and scale of development.
 2. Improve transit by retaining the North Vancouver Bus Depot and securing more service for the North Shore.
 3. Retain surplus Public School Lands for the community.
 4. Develop an integrated North Shore Traffic Management Plan.
 5. Repair our relationship and increase cooperation with the District in search of efficiencies.
 6. Create a European-style open plaza at our Shipyard Lands.
 7. Create more and better public parking throughout the City.
 8. Maintain a secure supply of affordable rental housing stock for our existing City residents.
 9. Determine a cost-effective solution for re-build of Harry Jerome Rec Centre.
 10. Improve the business environment throughout the community, making it more affordable for businesses to remain and prosper.

Q *If there is one change you could help bring about-what would it be?*

A That by the next election cycle it is illegal to take campaign donations from developers and unions, or alternatively that a candidate must recuse from voting on any matter where a donation has been accepted from the applicant, or a person related in any way to them.

I want to be known for:

Returning the community’s decision making apparatus to local residents.

I want the people who live here to determine their future. Residents First!
