

MORRIS FOR MAYOR

"FOR A BETTER TOMORROW"

If you were watching last night's North Vancouver City Council meeting, you would have seen the three year-plus investment in a new Official Community Plan go down to defeat.

What that means is that all the roll-backs to density and heights achieved through the OCP consultation process are now gone. We are now facing the prospect that developers will spend hundreds of thousands of dollars to ensure Mayor Mussato is re-elected.

If you've got time, we're going to need grass-roots support like we've never needed before.

Without your support, our little community will resemble Manhattan North within 4 years.
