

You have won my Vote. Let's roll

Dorothy Bell – Environmentalist and former School Trustee

Mr. Morris you have won my vote for Mayor. You are absolutely the best candidate for the job.

As a career environmentalist, I helped introduce the blue box to BC. I worked like crazy with the councils and districts of the day to bring great ideas to fruition. Later, as the BC Hazardous Waste Reduction Commissioner, I consulted with communities throughout the province and created sustainable programs that have greatly impacted our environment. You share that vision Kerry and I want to work with you for a better tomorrow.

Consultation. Sustainable programs. Respect for people and our communities. You clearly understand what we must do to ensure that this vision has legs.

This has been a tough and dirty election and while others dug deep into the trough I saw your moral fortitude surface. Bravo. No dirty developer money for your campaign. No backroom support. Conviction, ethics and honor.

Let's clean up city hall together. Boot out those sniveling developer patsies. Boot out the "Yes Man and Woman" and replace them with independent thinkers.

I share your vision Mr. Morris. Let's roll.

Sincerely,

Dorothy Bell
