**To Whom It May Concern:**

I am supporting Kerry Morris for Mayor of the City of North Vancouver in the upcoming municipal election. Ever since my retirement from council in 2002, where I served for 23 years, I knew we needed a change of leadership in the City.

Fortunately, Kerry Morris has agreed to stand for election, and I feel he is exactly the change we need at this time. He not only has the business skills, professional expertise, and patience to listen, he has also demonstrated the willingness to discuss options and bring those forward in ways which allow all of us as residents to participate in determining what change we want and believe is best for our community in the long term.

Kerry has refused to accept campaign donations from developers and unions. He is personally funding his campaign from his own personal resources. Kerry will not allow School District #44 and its developer friends to pursue residential development options for either Cloverley or Lucas Centre Schools. Kerry is solidly behind maintaining these school lands for public purposes. Kerry Morris needs all your support now to become our next Mayor.

In conclusion, I have no opinion on any of the other mayoralty candidates. I have already concluded that in my opinion, the best candidate for Mayor of the City of North Vancouver in this municipal election is Kerry Morris.

I'm telling all my friends to VOTE Morris for Mayor this November. I encourage all of you to do the same.

  
**John B. Braithwaite**

Former Executive Director of 25 Yrs, North Shore Neighbourhood House / Former Councillor – City of North Vancouver for 23 years.
