

It's Time for a Change.

In this election, I am supporting Kerry Morris for Mayor.

Over the past year, Kerry has made many presentations to Council. I have been impressed by his grasp of the issues and challenges facing our community. His business background shows in his ability to analyze problems, weigh options and identify the best solutions. I've watched him interact with residents and business owners. He listens carefully and responds clearly, explaining what he will do to address their needs.

Kerry has an excellent grasp of the financial challenges we face to pay for the new sewage treatment plant and renew Harry Jerome, Silver Harbour and North Shore Neighbourhood House. He understands the challenges facing small business owners and has some fresh ideas to ensure small business can thrive. Most importantly, Kerry will provide the leadership we need to set our financial affairs in order, ensuring that we get the maximum benefit from our tax dollars and putting an end to the waste that has been all too evident in recent years.

Kerry's strong ethics are clear. He sees the moral conflict in taking campaign donations from developers and unions, knowing he will have to vote on their projects and contracts. Our current Mayor does not. Kerry understands that his first responsibility is to serve the citizens who currently live in the City.

Kerry Morris is well-prepared to lead this City forward. His maturity, his business skills and his integrity will make him a strong leader and passionate advocate for the City of North Vancouver. It's time for a change. It's time to vote for a Mayor who can bring this community together. On November 15th vote Kerry Morris.
