

# MORRIS FOR MAYOR

Do you think the City of North Vancouver should refuse to analyze the implications of Amalgamation with the District?

**I believe it is the duty of every council to fully examine any matter which might lead to an improvement in the governance of our city.** A refusal to analyze the costs and benefits of amalgamation because it might cost the mayor, a councillor or administrator their job is not reason enough for the City to stick its head in the sand.

It is premature to support or reject amalgamation! Neither side of the issue has enough information to make an informed decision. However, refusing to pursue the information necessary to render an informed decision is fundamentally wrong!
